Dear Professor Lederberg,

Your term as a member of the WHO Advisory Committee on Medical Research has come to an end on 31 December 1975. However, in view of your interest and involvement in the Organization's overall research activities, I should be glad if you would agree to remain with the Committee for another year, i.e., until the end of 1976, thus letting us have the continued benefit of your valuable experience.

... For your information I am enclosing the draft agenda of the forthcoming meeting of the ACMR, Geneva, 21-25 June 1976.

Yours sincerely,

H. Mahler, M.D.
Director-General
